

Privacy Policy for Alexa Skill

This Agreement is between you and BIG CU (“BIG”), governs your use of this skill on Amazon’s Alexa service on any Alexa-enabled device (the “Skill”). Before using the Skill, please read these Terms and. Your use of the Skill is conditioned on your acceptance of this Agreement. If you don’t accept these terms, you may not use the Skill.

1. **Privacy and Security:** The Skill allows you to use your Alexa-enabled device (e.g., Amazon Echo) to communicate with BIG CU, by voice. To use the Skill, you will have to speak commands and questions aloud to Amazon’s Alexa service (“Alexa”), and you will receive responses aloud. Any communication via Alexa will be treated as a communication authorized by you, and any communication from BIG CU via Alexa in response to a request received from your Alexa-enabled device will be treated as a communication to you. In other words, you are responsible for all of the interactions via the Skill. For example, it is possible that someone other than you could interact via the Skill, or that someone could overhear you interacting via the Skill and learn information about your Account(s). (Try using your “inside voice.”) It is also possible that Alexa (and the equipment Alexa is installed on) and/or Amazon will record your interactions with the Skill or with Alexa. Consult your agreements with Amazon to learn more about how Amazon and your Alexa-enabled device treat those interactions.

2. **Third-Party Security Settings:** Once you set up your Alexa device with the Skill, you are authorizing BIG CU to provide information to the device based on the device’s security settings. For example, the settings on your device may allow the device to retrieve information about your Account(s) based on only verbal requests from anyone who uses your device, or to save information about your Account(s) for easier access. By enabling the Skill on your Alexa-enabled device, you are responsible for how the Skill is used (including any communication to or from BIG CU from your device).

3. **Accuracy:** We didn’t design or manufacture Alexa or your Alexa-enabled device. The device also runs other software (e.g., Alexa and other third-party apps) that we did not write or design and do not have control over. It’s possible that Alexa will not hear you correctly, will incorrectly translate what you said, or even say something to you different than what we asked it to say. By accepting this Agreement, you understand and agree that BIG CU is not responsible for inaccuracies in your interactions via the Skill. If you have any issues or doubts about the accuracy of your interactions with via the Skill, you can still get your Account details in all the same ways you have used previously

4. **Pilot & Bugs:** We are making the Skill available as part of a limited, early pilot program. It’s possible that there will be bugs. In addition to the possibility of Alexa mishearing you or misquoting us, there’s also a possibility that something might not work correctly or might not work at all. By getting this special preview and using the Skill, you’re accepting that risk. Again, you do not need the Skill to access to your Account(s). At this time, don’t rely on the Skill as your sole means of accessing your Account(s).

For example, if you request that Alexa tell you your balance on your auto loan, you authorize BIG to provide information to Amazon.

8. Changes or Amendments: We may change, suspend, or discontinue the Skill, or any part of it, at any time without notice.
